## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 2-7 and 9-25 are allowed over prior art of record.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

After further search and consideration of the amendment filed on February 20, 2007, it is determined that the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "forming at least one chamfer in the at least one integrated circuit die, the chamfer extending from a top surface of the integrated circuit die to an intersection of first and second adjacent sides of the at least one integrated circuit die, the chamfer having an upper surface which is angled relative to the first and second adjacent sides," as recited in claim 14, "the chamfer having an upper surface which is angled relative to the first and second adjacent sides, a first perimeter edge of the chamfer being formed by the first side of the integrated circuit die, a second perimeter edge of the chamfer being formed by the second side of the integrated circuit die, and a third perimeter edge of the chamfer being formed by an upper surface of the integrated circuit die, so that the upper surface of the chamfer is substantially triangular in shape," as recited in claim 18, "wherein a first perimeter edge of the chamfer is formed by the first side of the integrated circuit die, a second perimeter edge of the chamfer is formed by the second side of the integrated circuit die, and a third perimeter edge of the chamfer is formed by an upper surface of the integrated circuit die, so that

the upper surface of the chamfer is substantially triangular in shape,” as recited in claims 22 and 25 respectively.

Claims 2-6, 7-13, 15-17, 19-21, 23 and 24 are also allowed as being directly or indirectly dependent of the allowed independent base claim.

### ***Conclusion***

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
